19th AUGUST 2026:

Land off Broadway Hill, outline planning for up to 150 houses.

The decision from the office of the Secretary of State is NOT to call in this application and to allow the local Authority, Somerset Council, to determine the decision.

Somerset Council have already refused the application; this decision should stand and we will get notification in due course.

It is for the developers to decide if they wish to appeal the decision, when it comes, and the Parish council will respond accordingly at that time.

The Parish council would like to thank all residents who made representations and attended meetings, the community really came together and fought for their Village and its unique character.

More information is available through this link.
